A Community Celebration of Mayor Edwin Mah Lee

San Francisco - The Asian Pacific Islander (API) Council of San Francisco will be hosting a community celebration and candlelight vigil in honor of Mayor Edwin Mah Lee.

For the API community, Mayor Lee has been a constant champion and trailblazer for our community from the beginning of his devoted career to the end. He leaves a legacy of support and love to the most vulnerable – not only in our community but for many communities across the city.

Mayor Lee's legacy to the Chinese American community will live beyond his passing. We honor him for his lifelong commitment to our community. API Council invites you to join us in honoring his great legacy on Thursday, December 21, 2017, 5 PM at Portsmouth Square.
